

I've worked for the Foreign Service for the past 11 years, and for the entirety of my time in service, I've been with Regional Diplomatic Technology (RDT), having been posted in Nairobi, London, Paris, and Frankfurt twice. As a regional asset, I've been fortunate enough to work (and play) in over 50 countries during that time. Outside of work, I enjoy sampling libations from around the world and trying to get my dog to do simple tricks that every other dog on the planet can already do.

"Why I Want to Join the CSA Board":

I would like to join the CSA Board to expand on activities offered both for families and adults to enhance the sense of community here in Frankfurt. I am a problem solver who enjoys evaluating what works and what doesn't work, then making adjustments as necessary. Previously, I served on the Nairobi AEA Board for three years, two years as the Vice-Chair, and the London Housing Board for two years. In that time, we managed the contracts for the onsite cafeteria, contributed towards the successful transition of a new vendor for the housing community's restaurant, and hosted holiday-themed parties at the Chancery. I believe I would be a strong asset to the team and appreciate the opportunity to contribute to the CSA.

Thanks, Alan
