

Greetings! I would like to submit my application for the CSA board. I'm a USDH with RSC/FSC.

Short Bio:

My name is Danielle Garozzo and I arrived in Frankfurt July 2019 with my husband, two children, and tiny dog in tow. My children are 6 and 8 and attend Frankfurt International School (FIS). We have done pretty well surviving COVID together with only mild threats of violence. I am originally from Connecticut, but traveled south for college. I met my husband shortly after and followed him to Bangkok, where I began working for the Department of State as an EFM in 2009. My family enjoys hiking, snowboarding/skiing, and Disney and we can't wait for restrictions to ease to get back to traveling again.

Why I want to Join:

I would like to join the board because I have seen the great activities CSA has put on prior to COVID and I want to be sure those continue once we are able. My husband and I both work and our kids attend both FIS and Carl Schurz and I would like the opportunity to represent and advocate for those in the community with similar situations.

Thanks for the opportunity!
Danielle
