

To the Frankfurt CSA:

It is with great enthusiasm and a deep commitment to community service that I submit my letter of interest for a position on the Community Support Association(CSA) Board. My passion for ensuring members of the community are well cared, their needs are fulfilled, align perfectly with the mission of your organization and is of special interest to me.

While this is my first overseas living assignment, I have had the opportunity to work and travel in the international sector around the globe for the past 10 years. I worked with representatives from many countries governments and stakeholder interests creating business plans and strategies. I have diverse life experiences and am intuitive to good business sense and understanding the bigger picture. I am adaptable and see the possibilities, possess the capacity for thinking out of the box and strategically make decisions or changes by filtering through the clutter. I am a person who's dedicated and committed to the mission and prepared to serve the Consulate and their families, on and off the Seidlung.

Since arriving in Frankfurt, May 2023, I have volunteered to sponsor two incoming Consulate employees and their families, ensuring they have the proper reception upon their arrival and feel welcomed. I have moved several times throughout my career and quickly joined sports groups/clubs in each place, finding my tribe/friends, getting involved by participating in various events and social activities. Practically, I quickly adapted to the option of commuting by bicycle (in good weather), joined two boathouse clubs on the Main, participated in some boat races, and have started taking Pilates class.

Thank you for your consideration.

Respectfully,
Deborah Ng
